

Club Thinking Partners Clubhouse eNewsletter CTP COVID-19 Center

*"If we have the courage to ignore the prophets of doom, the best opportunities come in time of maximum pessimism."
-Tony Robbins*

Dear Friends,

These are challenging and uncertain times that we are all dealing with, personally and professionally. Hell, it's scary. But when faced with challenges, our country and our industry have always worked together to come out on the other side. This will be no different.

At Club Thinking Partners we are proud servants of the club and hospitality industry. My entire team is fortunate and grateful to work with terrific clubs and club professionals every day, probably you included. Through our network of clients, club executives and friends, we see firsthand how our industry is navigating this unprecedented moment in history. Now, more than ever, it is important to partner together.

Let us be your **Thinking Partner** as a resource to provide guidance and share insight on adapting club operations in the current and continually changing environment. Over the next few weeks and if necessary, months, we will be aggregating the best creative hospitality business solutions we can find in that moment. We will then be sharing those ideas via our newsletter, website and social media platforms. **And we want to hear from you – what are your concerns? Tell us your success stories and lessons learned so we can share them with the CTP Community.**

We understand that this a time of great uncertainty and anxiety. Know this, we are all in this together and we will come out on the other side successfully.

Your Thinking Partner,
Dan Denehy

US Small Business Administration

The U.S. Small Business Administration is offering designated states and territories low-interest federal disaster loans for working capital to small businesses suffering substantial economic injury as a result of the Coronavirus (COVID-19).
